Family Prayer Guide

This is a guide for you to use as a family or an individual, to remember the people who will receive the box you've packed. Take some time to pray, make it your own or use the guided prayer below, and lift the family up to God. By doing things just like this, we can become a church that our community can't live without.

Dear God,

We ask you to be with the family at _(Insert School Name)_. Let them realize that you see them, love them, care for them and want to meet their needs. Let them see that there is a church that wants to do the same. Help them realize there is a place nearby where they can belong, be known and be seen.

We pray that this helps them to have what they need during this season. That they are able to find joy and peace and hope, but that those things may ultimately be found in Jesus.

Help us to remember that the way that God often meets needs, is through His people. Thank you for blessing us so that we may be able to bless others just like this family. May we not take what we have for granted, but help us to remember where it comes from.

Help this family to realize where this help and their ultimate help comes from as well.

In Jesus name,

Amen.
